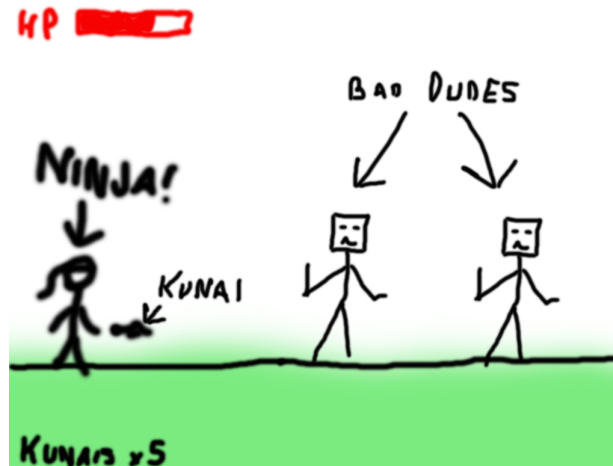

Figure 1: Game Concept

## 1 Introduction

Ninja N Slash is a hack and slash game where the player takes the role of a ninja to defeat all the bad dudes in order to achieve his revenge.

## 2 Story

The ninja dude has his family murdered by a bunch of criminal dudes who like to murder other people. But this time, the criminal dudes have murdered the wrong family...

## 3 Mechanics

In this game, the player can attack the enemies with his sword or throw a kunai. He can jump and in order to perform longer jumps he can use his cape to glide.

In order to clear the level, the ninja dude must defeat all the enemies and beat the boss at the end.

When they die, enemies could drop kunais or health potions.

## 4 Controls

The player will move left with 'A' key and right with 'D' key. He will jump with 'W' key and if he presses 'W' again, he will glide. He will attack with the 'Space' key and throw kunais with the 'Left Ctrl' key.
